BACK FROM INDIANA

LEROY W. BOSSERMAN SAYS PROSPERITY IS KEYNOTE OF LIFE IN MIDDLEWEST

"Prosperity is the keynote of life in the middle west," said Le Roy W. Bosserman, of the Bosserman Hardware company, who has just returned with his family from a three months' trip to Indiana. "With the exception of a two hours' auto trip through Denver, en route to our destination, we stopped nowhere on our outward journey, when we left Glendale three months ago. Our destination was our home town of La Porte, Ind., where we stayed most of the time we were away.

"La Porte is the home of Mrs. Charles Bosserman with whom we visited. It is a busy, prosperius city, the county seat and the center of a rich agricultural district. There are located the factories of the Rumley Traction Engine company, whose traction engines are known to every farmer of the middle west. They also manufacture grain separators. Their engines are internal combustion engines using kerosene. They are known by the name of "Oilpull."

"These engines are used for plowing and are in great demand. The factories employ 2000 men. The factories are running full time and everything connected with them shows prosperity. There is also a harness factory there that is running full time with European war orders.

"I also visited Michigan City among other surrounding cities. That is the home town of the Barber Car works, a great factory that turns out an immense number of freight cars every month.

"One thing struck me regarding the state of Indiana and other parts of the middle west, the roads are not to be compared with those of California. They are chiefly limestone roads. They have no concrete base and no upper surface of asphalt. The consequence is that although they have cost any way from $7000 to $8,000 a mile they do not last for more than about five years. Then the work has to be done all over again.

"We visited Chicago quite frequently and found that wonderful city growing and prospering as usual. There is a fine new municipal pier that stretches far out into the lake. It is for freight and also for pleasure purposes. It has a fine concrete basement pier where the steamers are moored that carry the freight along the lake. Passenger steamers also put in there. Over this is another deck on which street cars run out on one side and in on the other. In the center is a fine auto track. At the end of the pier is another story with a fine assembly room or concert room. It has a fine stage and an auditorium capable of seating 4000 people. The whole pier is brilliantly lighted at night. There are held band concerts and other entertainments throughout the summer.

"We also visited York, Nebraska, where Mrs. Bosserman's sister lives. She is the wife of Dr. George Shidler. While there we ran into the first snowstorm of the year. That was on October 20. The storm reached as far east as Indiana. However, although a great deal of snow fell it did not lie long and the weather cleared up and was pleasant again. All through Indiana and Nebraska the farmers are prosperous. They are getting high prices for their grain and for their hogs.

"Returning by the Denver & Rio Grande and the Southern Pacific we reached San Francisco which seemed very busy and active. Many war orders from the east are being executed there. California looked good to us and we were glad to be back in Glendale once more."

HALLOWE'EN JUNIOR PARTY

Miss Carrie Stone entertained a number of High school Juniors on Tuesday evening at the home of her parents, Mr. and Mrs. J. A. Stone, 127 West Eulalia avenue, Tropico. The house was beautifully decorated with yellow chrysanthemums and the usual Hallowe'en symbols. The young people enjoyed themselves at dancing and the usual Hallowe'en games. Those present were: Marjorie Imler, Esther Schemp, Catherine Renshaw, Evangeline Hunchberber, Florence Heacock, Hope Armstrong, Catherine Phillips, Margaret Boucher, Ruby Stone, Bernice Adams, Mary Logan, Carrie Stone, Harold Kennedy, Seymour Smith, William Renshaw, Tom Phillips, Earl Merritt, Willard Badham, Harry Schremp, Fred Dodge, Louis Reed.

WEATHER FORECAST—Fair tonight and Friday; heavy fogs along the coast; light westerly winds.

BIG DRY PARADE

CHURCHES AND SOCIETIES OF GLENDALE WILL MAKE GREAT SHOWING SATURDAY

Glendale will be prominent in the big dry parade that is to be held in Los Angeles, Saturday afternoon, November 4. All the churches will have representatives in line and it is likely that the total strength of the local contingent will not be less than 1000. The Glendale W. C. T. U. has prepared a float which will be a striking feature. The float will leave the Congregational church, at the corner of Third and Central avenue, at 11 a. m. promptly. Those who have arranged to go with it must be on time as the W. C. T. U. division must be in line on Los Angeles street between Seventh and Eighth streets at 12:30 p. m., by order of Parade Master Kennedy.

The Congregational church will have a float and the boy scouts of that church will march in uniform. Besides there will be a representation of other members of the church in automobiles and on foot.

The First Methodist church will have a representation of children in a large truck and other members of the church will join the parade in automobiles. The children and the contingent generally will be under the supervision of the pastor and the officials. It is expected 200 will be in line.

The First Presbyterian church will have two truck loads of children and others and a large number of automobiles. The whole contingent will be under the charge of James Cooper president of the Christian Endeavor society of the church.

The First Baptist church will send a large number of children in a truck and possibly two trucks. The pastor, the Rev. Vernon Cowsert and Mr. Kenrick are superintending the arrangements.

The First Lutheran church will be represented by two automobiles each with a number of people.

Glendale I. O. G. T. society will send a large number of its members along with floats and autos of the district lodge.

The Christian church will be represented by individual members of the church.

The Glendale division has been ordered to assemble on Santee and Twelfth streets, in division nine. The division includes Glendale, Tropico, Eagle Rock, Burbank and the San Fernando valley.

DR. GREGG TONIGHT

This evening Glendale welcomes Dr. J. W. Gregg of Berkeley. A dinner given in his honor by the city trustees of Glendale and the officials of the Glendale Garden society, to be followed at 8 o'clock sharp by a brilliant public lecture in the High school auditorium, will form the program of an unusual and most attractive event. As the stereopticon lecture on Public Parks and Playgrounds is thrown open to the public, those desiring to find seats are advised to come early. Let everybody turn out and give Dr. Gregg a great welcome. To every adult will be presented a souvenir of the occasion. Members of the Garden society are requested to wear their badges.

FOOTHILLS ATHLETIC CLUB

The Foothills Athletic club held its first banquet Tuesday evening at the home of Herman Voepp of Casa Verdugo. Its rooms were decorated in the club colors, blue and white. Twenty-five members were present, two new members joined and one was initiated. This new organization is making rapid progress and a suitable club room will be secured very soon. The club's new sweaters and monograms have arrived. The football team is practicing hard for its first game here Saturday afternoon with Alhambra, on the Third street school grounds at 2:30. Everybody come out and help the boys win.

"FREAK" ELECTION BETS

The wagering of sox, ties, hats and various other articles of wearing apparel on the result of the coming election is very common, but something out of the ordinary may happen on the streets of Tropico during the week following the election.

If Hughes carries California, H. D. Robinson of the Sunset Nursery may be seen going about his work in his sockless feet , trousers to be rolled above his shoe tops, and if Wilson carries the vote of the state a prominent business man of Tropico may be seen performing his daily work dressed likewise.

SAYS MARINA WAS ARMED MERCHANTMAN

TEUTONS ASSERT THAT TORPEDOED VESSEL WAS IN CLASS OF WARSHIPS

(Special Service to Glendale Evening News)

AMSTERDAM, Nov. 2.—It is reported that the German admiralty maintains that the British vessel Marina, which was torpedoed without warning by Teuton submarines, was in reality a war vessel. They say that it had a 4.5 quick firing rifle mounted amidships and that it was formerly in the service of the British admiralty. This they maintain puts it entirely out of the class of merchantmen of which the United States might take cognizance in this connection.

ROUMANIANS SUFFER LACK OF AMMUNITION

GERMANS ON NORTH FRONTIER SMASH THEIR WAY INTO SMALL TOWNS AND CONTINUE ADVANCE

(Special Service to Glendale Evening News)

PETROGRAD, Nov. 2.—The Roumanians are suffering from lack of ammunition. They have a very poor supply for their big guns and this has given the Germans an advantage. Von Falkenhayn has smashed his way into Rokovitsa tnd Titeshti, south of the Rothenthurm pass. The Germans expect to gain a position here from which they can advance on Bucharest. Von Mackensen in the Dobrudja, is battling fiercely against the Roumanian advance in the Jiul valley.

WILSON ARRIVES IN NEW YORK CITY

PRESIDENT MAKES FOUR SPEECHES TO WILDLY ENTHUSIASTIC AUDIENCES—IS CONFIDENT OF RE-ELECTION

(Special Service to Glendale Evening News)

NEW YORK, Nov. 2.—President Wilson arrived here this morning from Buffalo. He is scheduled to make four speeches here. He made his first speech this morning at a luncheon given by business men. He speaks again in the afternoon. At night he will speak in Madison Square garden and later in the Cooper Union. He was wildly cheered by the business men this morning and received a very hearty greeting from the crowds outside.

HUGHES STARTS ON LAST ROUND OF CAMPAIGN

REPUBLICAN CANDIDATE FOR PRESIDENT FOLLOWS WILSON'S TRAIL IN NEW YORK

(Special Service to Glendale Evening News)

BATAVIA, N. Y., Nov. 2.—Charles E. Hughes, Republican candidate for president, started today on a strenuous campaign in New York state. He will follow in some cases where President Wilson has already spoken and will carry out a most exacting program. His committee is rejoiced over the statement made by Governor Whitman to the effect that New York will go for Hughes by 100,000.

VILLISTAS BUTCHER TWENTY-EIGHT GUARDS

CARRANZISTA SOLDIERS ESCORTING TRAIN FROM CHIHUAHUA SHOT—PASSENGERS ROBBED

(Special Service to Glendale Evening News)

EL PASO, Nov. 2.—A strong body of Villistas held up a train from Chihuahua this morning. The train was guarded by twenty-eight Carranzista soldiers. These were lined up against the rails and shot. The passengers, most of them refugees from Chihuahua, were lined up by the train and robbed of all their money, watches, rings, etc. In many cases the bandits took what articles of clothing they fancied. The Villistas are cutting the railroads that enter Chihuahua. They plan to cut off the city from all outside communication and force it to surrender. The city is now practically surrounded by the troops of Villa.

GERMANS EVACUATE LAST VERDUN POSITION

HEAVY FRENCH FIRE DRIVES TEUTONS OUT OF FORT VAUX—MANY PRISONERS TAKEN

(Special Service to Glendale Evening News)

PARIS, Nov. 2.—It was officially admitted in Berlin today that the Germans had evacuated Fort Vaux, the last of the Verdun defenses which they have been holding. They are now in about the same position they were four months ago. The French during the past week have taken 6000 German prisoners, fifteen large cannon, fifty-one trench guns and 144 machine guns. They have also seized vast quantities of war material.

CHICAGO TO NEW YORK BY AEROPLANE

(Special Service to Glendale Evening News)

ERIE, Pa., Nov. 2.—Aviator Carlstrom who started from Chicago at 6:09 this morning in his flight for New York, landed here, with his gasoline tank leaking, having completed 450 miles at the rate of 109 miles an hour. This beats the American record.

TRAIN FOR FUTURE

THE BOY SCOUTS OF AMERICA—WHAT SCOUTCRAFT MEANS

Scoutcraft is a national movement ostensibly for the benefit of the boys but really for the benefit of the nation in that the training the boy receives in this work makes for good citizenship and clean, strong, moral manhood coupled with a knowledge of the great out doors.

Too intimate a knowledge of the seamy side of life is best eliminated, or rather, obviated, by close communication with nature, a speaking acquaintance with the trees, birds, mountains and the rest of the real things in the world that too few of us know. Having learned to live and let live, the boy is gradually taught that self is not all; only he lives who helps others and he best lives who sacrifices himself for the benefit of others.

The gist of scoutcraft is contained in the oath and the laws. A boy cannot become a scout until he has passed his twelfth birthday, when upon being admitted to a troop, he learns the twelve laws, oath, ties various knots with a rope, learns the story of the American flag, and the significance of the badge. The oath binding him to the organization is as follows:

"On my honor I will do my best to do my duty to God and my country and to obey the scout law; to help other people at all times; to keep myself physically strong, mentally awake and morally straight." The badge is then conferred upon him and he becomes a tenderfoot scout.

The laws which he pledges himself to obey are as follows:

A scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent. The interpretation of each of the laws is learned in detail, for instance, No. 11, A scout is clean, "He keeps clean in body and thought, stands for clean speech, clean sport, clean habits and travels with a clean crowd."

He now takes up the preparation for the rank of second class scout, the requirements for which are, first aid and bandaging, signaling with flags, tracking, scout's pace (fifty steps running and fifty steps walking—one mile in exactly twelve minutes, for the purpose of knowing the time it will take to cover a given distance or the distance one has traveled in a certain time,) proper use of knife and axe, building fire in the open using not more than two matches, earn and deposit money and know the sixteen principal points of the compass.

After having successfully passed this rank he takes up the work of first class scout, which is much more arduous and exacting. From first class work he proceeds along the line of his natural bent and takes up the pleasureable task of securing merit badges. These are given by the National Council for excellency in certain things such as agriculture, angling, archery, architecture, art, astronomy, athletics, automobiling, aviation, bee-keeping, bird study, blacksmithing, bugling, business, camping, carpentry, chemistry, civics, conservation, cooking, craftsmanship, cycling, dairying, firemanship, first aid, forestry, gardening, handicraft, horsemanship, interpreting, electricity, leather-working, life saving, machinery, marksmanship, masonry, mining, music, painting, pathfinding, personal health, photography, physical development, pioneering, plumbing, poultry keeping, printing, public health, safety first, scholarship, sculpture, seamanship, signaling, stalking, surveying, swimming and taxidermy.

A life scout is one who has qualified for merit badges in first aid, physical development or athletics, personal health, public health and life saving or pioneering.

A star scout is a life scout who has qualified for five other badges, and an eagle scout is one who has qualified for twenty-one merit badges.

It can be seen from the above that any boy who can quality for either the life, star or eagle badge has an excellent chance for becoming a useful American citizen, will know how to take care of himself and his country will be the better for his having lived.

Troop No. 1, Glendale, was organized about a year ago Christmas but was not registered until March 13, 1916. The limit is thirty-two boys to a troop but troop No. 1 has carried thirty-five boys for a long time. At present time the membership is as follows:

Jack Jenkins, senior patrol leader.
Harold Duey, past senior patrol leader.
Frank Balthis, Jr., president.

(Continued on Page 3)

MOORES RETURN

AGAIN IN CALIFORNIA AFTER EXTENDED JOURNEY IN THE EAST

Friends of Mr. and Mrs. P. A. C. Moore formerly of Glendale will be glad to know that they are again at their Los Angeles home after an extended and very pleasant trip through the eastern states, combining business and pleasure. Speaking of their journey Mr. Moore said:

"Our first stop was in Missouri, where we visited Kansas City and St. Louis. I found no demand for money or real estate. We visited several towns in Illinois and found conditions about the same. We were in Ohio for two weeks, business was very good there. Wheeling, W. Va., Parkersburg and Kenova were busy towns, for there we entered the mining districts. From Kenova, W. Va., over the Norfolk & Western railroad, we passed through the wonderful coal fields, where immense coke ovens were in full blast and there we visited Bluefields, W. Va. At Bluefields friends informed me that business was at a standstill until Europe began to purchase supplies. Our next stop was at Pulaski City, Va. There was located the only big smelter in Virginia that had not been forced to shut down, before the call came for European supplies. I visited several iron mines and found them running full blast. We found factories running over time filling orders for Europe.

"From Virginia we proceeded through Tennessee, Alabama and Mississippi. Crops where we visited were good in these southern states. The cotton crop was fair and especially good in Arkansas. We took a boat trip from Memphis to Cape Girardeau, Mo. This took three days on account of low water and they say prohibition does not prohibit, but while we were passing through dry territory the saloon was locked for I watched this myself and I know the law was strictly obeyed. While in Joplin, Mo., on our return, we found the lead mines in full blast. Many factories have increased their capacity.

"Boarding the train at Kansas City for home, it was snowing some and we saw snow drifted in many places through Kansas. This made us want to hurry back to sunny Southern California. We stopped over in Salt Lake City for rest and sight seeing. Here I noticed a news stand covered with posters that you could read from across the street, 1,600,000 more men employed under Wilson's administration than under Taft's. I looked all over the building and could find no statement as to why these men had work. From my personal observation the increased demand for labor is nothing more or less than the tremendous demand for war supplies for Europe. Some say the Wilson administration has given us prosperity, but I say "No." Europe has given us our prosperity. If prosperity is general why does not the real estate of our nation move as it did four years ago? Why don't the banks loan their money? The men who are prospering are the few who control the mines and factories of our great commonwealth. What is the matter with the railroads that they cannot keep out of the hands of the receivers? We can only judge the future by the past. Elect Mr. Wilson for another four years, let the war supplies for Europe stop, and in 1920 there will be no disturbance between capital and labor to cause a law to be passed to tide over a strike until after the election 'for a third term.'"

PLAN REFORM WORK

Mrs. C. E. Hutchinson, president of the Glendale Parent-Teacher federation entertained at lunch on Tuesday, Mrs. Witt and Mrs. Harvey Trowbridge who is district chairman of Juvenile court work and a member of the county probation committee. Work for the coming year was planned, Mrs. Trowbridge giving a keen insight into the work to be done. At 2:30 the probation committee of the Glendale federation met at Mrs. Hutchinson's home. This committee consists of Mrs. E. M. Witt, chairman; Mrs. W. E. Burns, Mrs. J. W. Durham, Mrs. Charles Grist, Mrs. A. M. Brooks. Plans were laid for reform work in the county. A visit will be paid shortly to Juvenile hall and if any one in Glendale is inclined to help in this work a subscription to a child's magazine would greatly assist. Since April 117 girls from Los Angeles county have been sent to the girls' state home at Ventura, most of whom are considered incorrigible. This gives some idea of the work to be done.

GLENDALE, CALIFORNIA, THURSDAY, NOVEMBER 2, 1916

SITUATION IN THE WAR FIELDS

Notwithstanding the bad weather, which is being experienced at the front in the western fighting arena in Europe, where the French, Belgians and British are driving against the strongly constructed defenses of the Germans, there is no stop or stay in this matter of the assault. The roads are a mass of liquid mud; but the big guns go forward all the same and though the operations are somewhat delayed on this account the Allied drive on Bapaume is being pushed with all the might that can be put into it.

It is certain that on neither side is there any diminution of the ferocity of attack, counter attack and defense. The Teutons have the immense advantage of fighting in positions they have prepared long ago and over ground every distance on which has been carefully measured. When the French, the other day in their advance on Chaulnes captured a German position they found that it had been dug down into the ground in a succession of terraces the last of which was sixty feet underground. The floors had been carefully prepared and paved with wood and in some cases with plaster. In some instances wells had been dug so that there might be a plentiful supply of water in case of a siege.

For the construction of this tunnel expert miners had been brought from Germany and it had occupied not less than six months of their time. By the use of such trenches the Germans were able to send their men to the front without the exposure of a single man to the fire of the enemy. They also were able to keep all their munitions and supplies under cover on their way to the front.

This wonderful tunnel was at Chilly. After it passed into the hands of the French the Germans made desperate attack after desperate attack in order to win it back but all failed. The French found the tunnel so much to their own convenience that they defended it with a ferocity that made it impossible for the Germans to recover the lost paradise. The French advance has now swept forward vastly in front of this wonderful work and other equally strong and convenient trenches have fallen to the French.

In one of the German trenches forty feet below the ground was found the apartment of a German officer. All the rooms had been plastered in white and every appointment was perfect, even to a bath room and well stocked wine cellar. "Of the latter," says the correspondent, who narrates the story, "only the empty bottles remained, but they were almost countless."

As trench after trench and position after position is taken by the Allies it becomes manifest that the work of recovering the ground occupied by the Germans in France is going to be a tedious and very difficult operation. It is perhaps certain that the city of Peronne and the important center of Bapaume will be taken before the war settles down to the winter routine and it is by no means certain that there is going to be any cessation in the attacks on the German positions in Picardy. The sanguinary work may go on all winter.

Meanwhile the work on the eastern front is bewildering in its kaleidoscopic changes. The masterly stroke by which the Germans smashed into the Roumanians is working quite a change in the line there; while, on the other hand, the brilliant work of General Nivelle at Verdun has altered the whole aspect of the campaign in the west. It is likely that at any moment news will come of a desperate assault by the Germans on the positions won by the French around Verdun.

AMENDMENT NO. 5

Editor Glendale News:—In a recent issue J. C. Sherer comments adversely upon the single tax amendment No. 5. "The wild idea of improving the condition of the landless" by causing some of the millions of unused acres to become accessible to them gives him a chill. Like many of us he is infatuated by the feverish game of buying and holding California lands out of use on the gamble that they will double or quadruple in price when people's necessity becomes intense enough to force them to pay it. He is grieved about the prospective "doubling and trebling the tax" on vacant lots so they may come into use, but the doubling and trebling of price to would be users and home makers disturbs him not. Instead of its being "a wonder that any reasonable human being can be found to support it" (No. 5) the wonder it that so rotten a condition of land tenure as we are suffering under can still be disguised and pass muster under the decent term "business!

"Land speculation is only a hold-up on business, obstructing it at every point. It follows in the wake of business and sucks the life out of real trade in man-made things. After it has done its worst, and thousands are loaded up with land payments at speculative prices, and interest on mortgages, and scrimp and go without necessaries of life reducing trade and manufacture, failure stares business in the face, employes are discharged and a panic arrives. Business has been sucked dry. Land gambling must begin to boost and advertise and wait a while for industry to get its breath again before taking a fresh hand in the game of piracy.

"Mr. Sherer thinks improvements will be discouraged if they are not taxed. Strange he does not know that exemption from taxation is the very method land speculation takes to invite improvements. In many places Boards of Trade promise manufacturers exemption for four or five years to land them in their city — and then fleece them afterwards, fine them for making things and employing men!

"Mr. Sherer is fearful that all unused land will be 'confiscated' and revert to the state or county by this amendment; well even so, public lands not specially reserved, can at any time become accessible for use; is not that better than to have them locked up by landlords? Mr. Sherer has allowed himself to become scared by the land speculators as have the banks. They are all unconscious of the fact that general well being and prosperity will give vitality to all business that is not getting something for nothing. But the people at large are thinking not so much what will become of the vacant lot owner of today, as what will become of the vast army of youth who must face our terrible conditions of getting hold of some land tomorrow. And they will vote to have land made accessible to all on equal terms by amendment No. 5.

LONA INGHAM ROBINSON.

HALLOWE'EN PARTY

Mr. and Mrs. F. H. Eilers of 333 South Adams entertained Tuesday evening with a Hallowe'en party. The rooms were decorated with chrysanthemums and smiling pumpkins. The guests came in costumes which caused much merriment. After playing a number of games the guests were invited to the dining room which was beautifully decorated in yellow and black with pumpkins, witches and black cats and a witch's pot gracing the center of the table where all were seated and partook of delicious refreshments. Those present were: Misses Agnes Tupper, Elizabeth Edmunds, Alice Hetrick, Blanche Early, Louise Hoit, Margaret West, Inez Harrison and Martha Eiler, all members of Mrs. T. D. Ogg's Sunday school class of the Presbyterian church; Mr. and Mrs. Ogg, Mrs. Kinnaman, Masters John Eilers, Herbert and Stephen Hoit and Walter Kinnaman. The host and hostess were assisted in entertaining their guests by Mrs. Eiler's sister, Miss Louise Zipprodt.

A day of prayer for California dry will be observed Friday, November 3, at the Congregational church, corner of Central and Third, the members of the W. C. T. U. and churches of the city participating in the services.

BACK FROM THE EAST

MRS. H. R. SIBLEY RETURNS FROM VISIT TO ILLINOIS AND OTHER STATES

Mrs. H. R. Sibley, 1517 Penn street, returned Saturday from Greenville, Ill., where she has been visiting her relatives for some weeks. "I found the east very prosperous," said Mrs. Sibley. "There is great enthusiasm everywhere for Hughes. I visited Indianapolis and found everybody there rejoicing in the era of prosperity that has followed the war orders from which the east is prospering. Factories are running full time and everybody seemed to have plenty of money.

"The farmers of Indiana are in excellent circumstances. They have been getting top prices for their products and have prospered wonderfully. In Columbus, Ind., I visited my brother, who is editor of the Daily Republican. There the wave of prosperity seemed to have reached all classes.

"In St. Louis, Mo., I found that East St. Louis had grown wonderfully during the past ten years. Everything seemed prosperous there also. I visited a cousin of mine who is night editor on the St. Louis Globe Democrat. Among those whom I met in St. Louis, political opinion was divided.

"In Greenville, Ill., which is the county seat of Bond county, I visited many old friends. Greenville is my native place. It is a town of 3,000 inhabitants, fifty miles from St. Louis. Mr. Sibley used to be a railroad man on the Vandalia Line and his business took him regularly to St. Louis so that we have many friends all through that district. I returned to Glendale by the Santa Fe passing through Kansas where everybody is enjoying prosperity. New Mexico seemed in better shape than ever. Glendale and California, however, looked better to me than any of the places I had seen.

"We are now working hard on the reorganization of our mining company at Goffs. Since I went east a deal has been completed by which the Big George Mining company has acquired the Argosy property, a very rich tungsten holding which lays right in the center of our claims. The acquisition of this property has rounded out and completed our property at Goffs. We now own 250 acres in that spot. The reorganization of the company is naturally a slow process, but it is proceeding with all the expedition the law allows.

"The new company will be called the Signal Gold & Tungsten company. The new shares are being rapidly taken up and the whole amount will be fully subscribed before long. There is no difficulty in getting the necessary money to finance such a proposition as this. We are naturally anxious to keep the property in the hands of the original subscribers."

The day is dark only when the mind is dark; all weathers are pleasant when the heart is at rest.—Hamilton Wright Mabie.

LUTHERAN MISSIONARY SOCIETY

The regular meeting of the Missionary Society of the First Lutheran church which was to have met on Thursday, has been postponed until Thursday, November 23. On that occasion Miss Mabel Dysinger of the First Lutheran church of Los Angeles and Miss Maud Soper of Casa Verdugo will give addresses.

Personals

Rev. J. C. Garver of Denver, Colo., was a dinner guest at the home of William Read of North Central last Sunday.

The Sisterhood class of the First M. E. church will hold a business meeting at the church Friday evening at 7:30. All members requested to be present.

Rev. W. E. Edmonds and W. J. Clendenin are representing the First Presbyterian church at a special meeting of the Presbytery at Imanuel church, Los Angeles today.

Superintendent George W. Tyrell and Mrs. Robinson of the Casa Verdugo Methodist Sunday school have arranged a banquet for Friday evening for the scholars of 'teen age, attending the school.

Sidney M. Simon, formerly connected with the Franklin Auto company of Los Angeles has accepted a position as salesman of the Buick and Cadillac cars with J. G. Hunchberger of Brand boulevard.

Miss Elizabeth and Miss Martha Porter of North Brand Boulevard, Glendale, will entertain Saturday afternoon in honor of Miss Irene Read who is to be married the early part of December.

Mr. and Mrs. Henry Root of Sherman county, Ore., are visiting their son, Professor W. D. Root of 735 Verdugo road. Mr. Root is the owner of a section of wheat land in Oregon. Wheat is now selling for $1.60 in Oregon.

A. M. Brooks of 211 South Jackson street requests that we make the announcement that he is an applicant for the position of postmaster of Glendale, subject to the decision of the patrons of the office and the powers that be.

Mrs. John Lyons of Vine street entertained a party at dinner Thursday in honor of her mother, Mrs. A. H. Wightman of Central avenue and Colorado boulevard. The guests were: Mrs. Plummer Van Sant, Mrs. Lyons, Mrs. McBryde, Mrs. E. S. Patterson and Mrs. Purser.

Among the many who attended the reception given at the Friday Morning clubhouse, Los Angeles, Tuesday, October 31, by Vice Consul Ujiro Oyama, and Mrs. Oyama, were the following Glendale people: Mrs. Edgar Leavitt, Orange street, Mrs. Hagin, Orange street and her sister, Mrs. Kerr, who is a visitor at her home, and Dr. Julius Soper, pastor of the Casa Verdugo Methodist Episcopal church. The attendance at the reception was about 500. The occasion was the celebration of the birthday of the Emperor of Japan. Each guest was presented with a gold enameled Japanese flag stickpin.

S. A. Haviland, 213 El Bonito avenue, was being congratulated Wednesday of this week on the news that he had successfully passed the state pharmaceutial examination. Mr. Haviland is now a full fledged pharmacist and is connected with the Munson Drug Co.

The Rev. R. W. Mottern of the First Lutheran church was the principal speaker at the Swedish Lutheran church, Seventh and Hope streets, Los Angeles, at the series of services on Tuesday inaugurating the year's celebration of the 400th anniversary of the birth of the Lutheran church, October 31, 1517. He spoke on "The Need of the Reformation of the State."

Among the new arrivals in Glendale are Herbert M. Potter and family who are moving into the old Leavitt property, 124 North Glendale avenue. The Potters are coming from Los Angeles where they formerly resided at 1521 Magnolia avenue. Mr. Potter is superintendent of the Dos Banderas Oil & Gas company with headquarters at Tampico, Mex.

Mr. and Mrs. Calvin Whiting, 1442 West Fifth street were among those who enjoyed hearing Florence Macbeth, the famous coloratura soprano, at Trinity auditorium Wednesday of coloratura work, such as "Caro audience with several old examples of coloratura world, such as "Caro Nome" from "Rigoletto," and also sang groups of German, French and English songs.

The Rev. Dr. Henry of 916 South Central avenue, returned Wednesday from a visit to Oxnard, where he was formerly pastor. He found the city flourishing and the district busy. There is a large beet sugar factory at Oxnard, which handles the beet production of that place and of Chino and also of part of the San Fernando valley production. This year there has been a great beet crop and the percentage of sugar in the beets is unusually high.

S. Houdyshel, father of Professor Houdyshel of the High school who has been residing in Oakland for three months has rejoined his family in Glendale. Harold Houdyshel, a brother of Professor Houdyshel, who, as a member of the Napa Ambulance corps has been serving on the Mexican frontier at Nogales, returned with the California troops the other day and was in camp at Exposition park, Los Angeles, until mustered out Monday. He will reside with his father's family in Glendale and will attend the High school here.

THE PEOPLE'S BIBLE CLASS

The second annual Bible study campaign will commence at the Presbyterian church Friday evening, at 7:45, November 3. Dr. James R. Pratt of Pasadena who is so well known throughout the country as one of the foremost Bible teachers, will continue his studies on Romans, and later in the year will give his outlines on the book of Ephesians.

All who have heard Dr. Pratt know that he is very practical in his teaching. The general public is cordially invited either as members or visitors. The class meets in the auditorium of the church.

CONGREGATIONAL SOCIAL

The quarterly social of the First Congregational church held Wednesday evening, was a very delightful affair. These socials are held primarily for the new people who are constantly coming into the church and congregation to welcome them and to make them acquainted with the other members and also for helping the people of the church to become better acquainted with each other. A most helpful devotional service was held from 7:30 to 8 p. m. and at the close of this service the gathering which completely filled the room adjourned to the social room of the church.

The rooms were beautifully decorated. Mrs. A. S. Chase, 1500 Riverdale drive, who is chairman of the social committee had provided a pleasing program and was ably seconded by her committee in her work. The program was as follows:

Vocal solo, George Lyons, accompanied by Mrs. Lyons.

Reading, Miss Carol Foss.

Piano solo, "Death of Ase," (Grieg), Frances Payne.

Reading, "Lady Wentworth," Doris Packer.

Vocal solo, O. E. Von Oven, accompanied by Mrs. Von Oven.

Every number on the program was heartily encored and responded to pleasingly. At the close of the program the committee served delicious refreshments.

NEW CALIFORNIA MAGAZINE

Two hundred sample copies of the new magazine, Rural World, will be distributed gratis this evening at the free lecture on Public Parks and Praygrounds, High school auditorium, 8 o'clock.

TONIGHT'S SOUVENIRS

Souvenirs taking the form of daffodil bulbs and beautiful California Christmas cards will be presented to each adult attending the free stereopticon lecture to be given this evening at the High school auditorium by Dr. J. W. Gregg of Berkeley.

"Where was the Magna Charta signed?" "At the bottom."—Princeton Tiger.

ADDITIONAL BOOTHS AT THE TUESDAY CLUB BAZAAR

We didn't tell you yesterday all there was to be said about the attractions of the big Tuesday Afternoon club bazaar. Don't you want to hear some more about it?

Mrs. R. W. Meeker, to the joy of all busy housewives who enjoy a change from their own cooking, will have a table veritably groaning under the weight of delicious home cooked foods, jellies, preserves, and the like.

Mrs. William Ramsay says that Mrs. George Adams, a past master in the art of fancy work, will have charge of those things which appeal to the womanly woman, dainty articles for wear or home decoration.

Mrs. C. M. Turck promises all kinds of interesting things at her art and travel booth, postcards, booklets, and many pretty souvenirs.

If you admire character dolls, or have friends who do, Mrs. Menzo Williams will have all kinds at her booth.

The Tuesday Afternoon club ladies have a reputation for their fine home made cakes. Many cakes have been promised for the ice cream and cake booth under the supervision of Mrs. A. W. Tower.

As the date of this mammoth affair December 2 draws closer you will hear some more interesting things about it. In the meantime every lady in the club and many outside friends are hard at work with an unselfishness and generosity which insures the success of the undertaking and a substantial sum toward the coveted new club home.

AT GLENDALE HIGH

Real basketball was played in the Senior-Sophomore game yesterday afternoon.

With evenly matched teams the game was a hard fought battle from start to finish. The best the Seniors could do with most of the breaks on their side was to hold their opponents to a score of 16-19. But for the excellent work of Mr. Ferguson this might have been a different story, for at times the Sophomores showed speed which made them real contenders for the championship.

The Senior team was composed of Sherriger, West, Fischel, McGillis, Wilson and Seay, while Williams, Davis, Fansett, W. McIver, T. McIver and Tummel played for the Sophomores. West and Fischel were the stars of the game.

"We Socialists welcome ridicule. When people take the pains to ridicule our views they take the pains to investigate and investigation means education. That is what we want."

These were the words of Edward Thomas Yarrow, who yesterday addressed the student body on Socialism. Mr. Yarrow was one of the best speakers who has ever been before the students of the High school.

TRAIN FOR FUTURE

(Continued from page 1.)

Hulbert Toll, secretary and treasurer.

Derrick Paine, chief signal officer.

Maxwell Price, chief of hospital corps.

Victor Colburn, chief emergency officer.

Robert Holland, color bearer.

Ralph Hutchinson, Gerald Toll, Herman Paine, Harold Duey, patrol leaders.

Edwin Mason, Albert Townsend, Raymond Witt, Burdette Rockhold, assistant patrol leaders.

Scouts Welling Howlett, Steve Beebe, Leslie MacReynolds, Donald Price, Arvid Murman, Donald Franklin, Tommy Lyons, David Hicks, Stephen Fairchild, Bradley McGibbon, Verne Freeman, Will Strong, Dan Campbell, Will Farner, Judson Welford, Calvin Butler, Roy Jefferson, Zena Smith (bugler.)

Great progress has been made during the past year but the troop needs the cooperation of the parents and the public and as this is a far-reaching work, building for the future and saving for the nation her most valuable asset, the boys, it is imperative that a closer study of this movement should be made by the general public and more done to stimulate the work. Efficient leadership is needed and when secured should be encouraged and assisted, as it is purely a labor of love and oftentimes done by leaders who have no boys of their own.

The organization is neither military nor anti-military, recognizes no creed or party, takes no sides on public questions but simply endeavors to make real men of the growing boys.

ST. MARK'S WOMAN'S AUXILIARY

The Woman's Auxiliary of St. Mark's Episcopal church will meet Friday afternoon at 2:30 o'clock, at the home of Mrs. I. H. Pearson, 490 West Fifth street.

CHRYSANTHEMUM LUNCHEON

Mrs. Burlingham of 1570 West Fifth street was the hostess Wednesday at a delightful luncheon. Decorations of ferns and chrysanthemums were used in the rooms where the guests were entertained and a musical program was enjoyed following the luncheon. Covers were laid at the beautifully appointed table for Mrs. T. J. Morgan, Miss Sarah Vaughn, Mrs. Frank Patch, Mrs. Brown, Mrs. McDonald, Mrs. Johnson and Mrs. Webster of Los Angeles.

Your Prophecy Is As Good As Anyone's

The Evening News Election Contest

$12.00 in Prizes to be Given Away

In order to ascertain the existing sentiment among it's readers, and at the same time to see just how good a prophet you are The Glendale Evening News will give $12.00 worth of prizes to the ones guessing the nearest to the number of votes cast on the wet and dry amendment No. 1 and the vote for Hughes and Wilson.

These prizes will be given in certificates and redeemable at the places of business of five advertisers. First prize, $5.00. Second prize, $3.00. Third prize, $2.00 and two prizes of $1.00 each.

At the botton of each advertisement will be found blank lines in which to write the figures of the vote you think will be cast in Glendale for and against amendment No. 1; the vote for Hughes and the vote for Wilson. In order to guess, an entire "ad" must be cut from the ones surrounding this contest announcement and the figures with your name and address placed in the blanks in the ad.

AN ADVERTISER CAN ALSO WIN

The advertiser having the largest number of ads cut out and sent in at the end of the contest will receive a $5.00 ad free in the issue of The News of Thursday, November 9.

The contest closes November 7 at 8:30 p. m., and all letters must be in The News office prior to that hour. Winners announced in issue of The News of November 8. Everyone has an equal opportunity to win—it just depends on how good a prophet you are. Bring, send or mail your guess to Election Contest Department, Evening News, 920 West Broadway, Glendale, Cal.

Vote For Retreads

This fall and winter, you'll get more mileage for less money—We guarantee all retread work.

A Tube Vulcanized FREE

To everyone mailing in this ad to The News with their estimate of votes.

Your Servant For About 5c a Day

Let us analyze his qualifications—

He is polite, intelligent, willing—always on duty day or night.

He will instantly present to you the grocer, butcher, baker or any of the trades-folk, or the doctor, fire department or police in emergency.

He will go far beyond the confines of the town and bring to you in amazingly short time a member of the family or one of your good prospective customers.

He will summon the railroad, boat or theater ticket agent in a few seconds.

And—as to wages—he will cost you about 5 cents a day, less than the cost of a good smoke.

Can you afford this service?
